DESPATCHES, Etc.

AT THE COURT AT BUCKINGHAM PALACE,

The 29th day of January, 1904.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by an Order in Council dated the 5th day of May 1873, after reciting that by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that, whenever it was made to appear to her late Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act, had been adopted by the Government of any foreign country, and were in force in that country, it should be lawful for Her Majesty, by Order in Council, to direct that the ships of such foreign country should be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it should no

longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions, but such ships should be deemed to be of the tonnage denoted in the certificates of registry or other papers, in the same manner, to the same extent, and for the same purposes, in, to, and for which the tonnage denoted in the certificates of registry of British ships was to be deemed the tonnage of such ships, and reciting that it had been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships then in force under "The Merchant Shipping Act, 1854," had been adopted by the President of the French Republic, and were in force in the French dominions, Her Majesty was thereby pleased, by and with the advice of Her Privy Council, to direct that the ships of France, the certificates of French nationality and registry of which were dated on or after the first day of June, one thousand eight hundred and seventy-three, should be deemed to be of the tonnage denoted in the said certificates of French nationality and registry.

And whereas the "Merchant Shipping Act Amendment Act, 1862," was repealed by the "Merchant Shipping Act, 1894," but by section 745 of the latter Act it is amongst other things provided that any Order in Council made under any enactment thereby repealed shall continue in force as if it had been made under the said Act of 1894 :

And whereas by section 84 of the "Merchant Shipping Act, 1894," it is enacted as follows :—

84. (1) Whenever it appears to Her Majesty the Queen in Council that the tonnage regulations of this Act have been adopted by any foreign country, and are in force there, Her Majesty in Council may order that the ships of that country shall, without being remeasured in Her Majesty's dominions, be deemed to be of the tonnage denoted in their certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.
- (2) Her Majesty in Council may limit the time during which the Order is to remain in operation, and make the Order subject to such conditions and qualifications (if any) as Her Majesty may deem expedient, and the operation of the Order shall be limited and modified accordingly.
- (3) If it is made to appear to Her Majesty that the tonnage of any foreign ship, as measured by the rules of the country to which she belongs, materially differs from that which would be her tonnage if measured under this Act, Her Majesty in Council may order that, notwithstanding any Order in Council for the time being in force under this section, any of the ships of that country may, for all or any of the purposes of this Act, be remeasured in accordance with this Act.

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act whether passed before or after the commencement of that Act references to the Sovereign reigning at the time of the passing of the Act or to the Crown shall unless the contrary intention appears be construed as references to the Sovereign for the time being and that Act shall be binding on the Crown :

And whereas it has been made to appear to His present Majesty that the tonnage of French ships as measured by the rules concerning the measurement of tonnage of merchant ships of France materially differs from that which would be the tonnage of such ships if measured under the "Merchant Shipping Act, 1894" :

Now, therefore, His Majesty in Council doth order that notwithstanding the hereinbefore recited Order in Council dated the 5th day of May, 1873, any of the ships of France may for all or any of the purposes of the "Merchant Shipping Act, 1894" be remeasured in accordance with the said Act.

If settlers request the Department of the Interior to allow them to cut dry timber upon certain described lands, an inspection thereof shall be made, and if it is considered advisable to allow the timber to be cut, permission shall be given to settlers to cut the same by paying dues at the rate of 25 cents per thousand feet B. PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL

WHEREAS Mr. Cyrus Little who holds homestead entry for the South-east quarter of Section 36, Township 10, Range 27, west of the Fourth Meridian, has made application to purchase that portion of the South-west quarter of the same section adjoining his homestead, which lies east of Willow Creek, and contains 74.35 acres, as shown on the tracing appended hereto, and which quarter section was, under authority of the Order in Council of the 23rd January, 1896, amongst other lands reserved for stock-watering purposes ;

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 18th day of April, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 14th April, 1904, from the Minister of the Interior, submitting with reference to the Order in Council of the 30th January, 1904, and to previous Orders in Council of the 27th May and 30th June, 1903, with respect to an investigation to be made by Mr. Justice Britton and Mr. Benjamin Taylor A. Bell, as Commissioners, into certain matters in the Yukon Territory, that on the 18th March last, one of the Commissioners, Mr. Bell, met with an unfortunate accident which resulted in his death on the first April instant.

The Minister states that the Commissioners had shortly after their appointment proceeded to the Yukon Territory and taken much evidence there, but, as appears in the Order in Council of 30th January, it was then proposed to continue the enquiry at Ottawa and elsewhere in Canada in order to secure the evidence of many important witnesses not resident in the Territory.

The Minister recommends that a supplementary Commission be issued to Mr. Justice Britton authorizing him to continue and complete the investigation as sole Commissioner with all the powers conferred upon the Commissioners by former Orders in Council and the Commission issued thereunder, and that he be required to report to the Secretary of State the result of the whole investigation and any opinions he may see fit to express as to the matters which have been the subjects thereof.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

(125) LAKE SUPERIOR—THUNDER BAY—KAMINISTIKWIA RIVER—FRONT RANGE TOWER MOVED—NEW BACK RANGE TOWER.

In consequence of the erection by the Canadian Pacific Railway Company of a coal unloading and storing plant on the ground formerly occupied by the range lights, on the north shore of the Kaministikwia river, at its mouth, near Fort William, it has been necessary to re-arrange these lighthouse towers.

The front tower has been moved forward 100 feet in the line of range, and now stands on the east end of the timber facing of the coal yard, which forms the north shore of the river at that point, and is close to the water's edge.

It has been raised 12 feet higher than formerly on an open post foundation, and the light is now elevated 42 feet above the water.

The back range light building with dwelling attached, formerly used, has been (or will be) taken down, and is replaced by a skeleton steel tower surrounding a column of lattice work, which projects 33 feet through the platform on top of the tower, on which a lantern is hoisted and held in place. The total height of the structure is 122 feet and it is painted red.

A daymark near the top of the lantern column consists of a black square, six feet on a side, with a white diamond in its middle.

The light shown from this tower is an incandescent electric light, shown from the focus of a reflector. It is elevated 128 feet above the level of the lake, and should be visible 11 miles in the line of range.

This new tower stands behind the trestles and pockets of the coal plant, by which it is partially hidden from the water. It is distant 1212 feet S. 67½° W. from the front light.

(130) NORTHUMBERLAND STRAIT—RICHIBUCTO HARBOUR ENTRANCE—SOUTH BEACH—CHANGES IN BAR RANGE LIGHTS.

The channel through the bar across the entrance to Richibucto harbour having been shifted by the winter gales, or action of the ice, the bar range lights have been changed to suit the same.

The front mast now stands on the north side of the south beach, 113 feet back from the water's edge, 236 feet S. 39° E. from the middle of the old front range lighthouse tower, and 5850 feet S. 37° E. from the outer end of the breakwater on the north beach.

Lat. N. 46° 42' 39''
Long. W. 64 46 14

The light is a fixed white light, shown from a pressed glass lens lantern elevated 32 feet above high water mark, and should be visible 10 miles.

The back light is shown from a press glass lens lantern hoisted on a mast 40 feet high, and is distant 236 feet S. 45° W. from the front light.

The light is a fixed white light, elevated 44 feet above high water mark, and should be visible 12 miles.

The light shown from the back range tower of the old bar range has been discontinued.

There is a depth of 14 feet over the bar in the best water.

The two bar range lights in one lead to the black can buoy at the entrance to the channel ; they should be kept in one until the alignment of the channel range lights on the western end of the south beach is reached.

There is 14 feet water over the Jib sheet, as the turn north of the channel range lights is locally called.

E. L. NEWCOMBE, } CONSIDÉRANT que

Canada. } chapitre 43 des Statuts Révisés du Canada, communément désigné "Acte des Sauvages," il est entre autres choses en substance statué, que le Gouverneur général en conseil pourra par proclamation exempter de l'application du dit acte ou de l'application d'un ou de plusieurs articles du dit acte, les sauvages ou les sauvages non compris dans les traités, ou quelqu'un d'entre eux ;

Et considérant que le dit acte et le dit article du dit acte s'appliquent au territoire du Yukon et y sont en vigueur ;

Et considérant qu'il Nous a été démontré qu'un nommé Dawson Charlie, de la ville de Caribou, dans le dit territoire du Yukon, qui est le fils du dernier chef des sauvages Tagish, est un des découvreurs primitifs de l'or dans la région du Klondyke, et, avec d'autres, a délimité et enregistré la première mine alluviale dans cette région ; qu'il a subséquemment découvert d'autres riches placers dans le territoire ; qu'il est un homme de moyens considérables ; qu'il ne suit pas la manière de vivre des sauvages, et qu'il est un homme intelligent et capable, sobre, et un bon citoyen ; et considérant que pour ces raisons et d'autres il convient que le dit Dawson Charlie soit libéré des restrictions et incapacités auxquelles sont soumis les sauvages et les sauvages non compris dans les traités sous l'empire de l'Acte des sauvages,—

DÉPÊCHES, Etc.

AU PALAIS DE BUCKINGHAM,

Le 29e jour de janvier 1904.

PRESENT :

SA TRÈS EXCELLENTE MAJESTÉ LE ROI
EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil daté le 5e jour de mai 1873, il est dit que par l'Acte modificatif de l'Acte de la marine marchande, 1862, il est statué que lorsqu'il sera représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur en vertu de l'acte principal, ont été adoptés par le gouvernement d'un pays étranger et sont en vigueur dans ce pays, il sera loisible à Sa Majesté de déclarer par un arrêté en conseil, que les bâtiments de ce pays étranger seront censés avoir le tonnage indiqué sur leurs certificats d'enregistrement ou autres papiers nationaux, et que dès lors il ne sera plus nécessaire pour ces bâtiments d'être mesurés de nouveau dans un port ou lieu quelconque des possessions de Sa Majesté, mais que ces bâtiments seront censés être du tonnage inscrit sur leurs certificats d'enregistrement ou autres papiers, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur les certificats d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments.

Et qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands maintenant en vigueur sous l'autorité de l'Acte de la marine marchande de 1854, ont été adoptés par le Président de la République Française et étaient en vigueur dans les possessions françaises, Sa Majesté a bien voulu, par et avec l'avis de Son Conseil privé, décréter que les navires de France dont les certificats de nationalité et d'enregistrement français auront été datés le ou après le premier jour de juin mil huit cent soixante-treize, seront censés être du tonnage indiqué dans les dits certificats de nationalité et d'enregistrement français.

Et considérant que l'Acte modificatif de la marine marchande de 1862, a été abrogé par l'Acte de la marine marchande de 1894, mais que par l'article 745 de ce dernier acte il est entre autres choses statué que tout arrêté en conseil rendu en vertu d'un statut abrogé par le présent acte continuera en vigueur comme s'il avait été fait en vertu du dit acte de 1894 ;

Et considérant que par l'article 84 de l'Acte de la marine marchande de 1894, il est statué comme suit :—

84.—(1.) Lorsqu'il appert à Sa Majesté la Reine en conseil que les règlements de tonnage du présent acte ont été adoptés par un pays étranger, et y sont en force, Sa Majesté en conseil pourra ordonner que les navires du dit pays, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage indiqué dans leurs certificats d'enregistrement ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage indiqué dans le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

(2.) Sa Majesté en conseil pourra limiter le temps durant lequel l'arrêté restera en opération, et rendra l'arrêté sujet aux conditions et qualifications (si aucun il y a) que Sa Majesté jugera expédient, et l'opération de l'arrêté sera limitée et modifiée en conséquence.

(3.) Toute et chaque fois qu'il sera représenté à Sa Majesté que le tonnage d'un navire étranger, tel que mesuré d'après les règlements de son pays, diffère matériellement de ce que serait son tonnage s'il était mesuré en vertu du présent acte, Sa Majesté pourra, par arrêté en conseil, ordonner que nonobstant tout arrêté en conseil alors en vigueur en vertu du présent article tout navire de ce pays étranger pourra, pour toutes les fins du présent acte, être remesuré en conformité du présent acte.

Et considérant que par l'article 30 de l'Acte d'interprétation de 1889, il est statué que dans le dit acte et dans tout acte passé soit avant soit après le commencement du dit acte, les expressions "souverain régnant à l'époque de l'adoption de l'acte," ou "la Couronne" seront censées jusqu'à preuve du contraire signifier le Souverain alors régnant, et le dit acte sera obligatoire pour la Couronne.

Et considérant qu'il appert à Sa Majesté que le tonnage des navires français, tels que mesurés d'après les règles concernant le mesurage du tonnage des navires marchands de France diffère essentiellement de ce que serait le tonnage de ces navires s'ils étaient mesurés en vertu de l'Acte de la marine marchande de 1894 :

A ces causes Sa Majesté en conseil décrète que nonobstant l'arrêté en conseil du 5e jour de mai 1873, tous les navires de France pourront pour toutes et chacune des fins de l'Acte de la marine marchande de 1894, être remesurés en conformité du dit acte.

ARRETÉS EN CONSEIL.

[Renv. 463,850]

HOTEL DU GOUVERNEMENT À OTTAWA.

Lundi, le 30e jour de mai 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

CONSIDÉRANT que l'article 11 des règlements concernant la vente du bois de construction sur les terres fédérales au Manitoba, les territoires du Nord-Ouest et dans la zone du chemin de fer dans la province de la Colombie Britannique établit qu'un colon de bonne foi pourra avoir le droit sans concurrence de couper du bois de construction pour son propre usage, moyennant le paiement des droits suivants :—

Billots de construction de peuplier.....	½ c. par pied linéaire.
Billots de construction de pin, épinette blanche, épinette rouge et autre bois non énumérés.....	1½ c. par pied linéaire.
Billots de construction de chêne, orme, frêne ou érable.....	1½ c. par pied linéaire.
Bois carré et billes de sciage de peuplier, pin, cèdre, épinette blanche, épinette rouge et autres bois non énumérés.....	\$1.50 par M. pds M.P.
Bois carré et billes de sciage de chêne.....	\$3.00 par M. pds M.P.

Les droits ci-dessus mentionnés sont pour le bois vert et le bois sec.

Et considérant qu'à la présente date, de grandes étendues de terres fédérales contiennent du bois sec qu'il serait à propos d'enlever vu qu'il constitue un danger pour le bois vert, et s'il restait sur le sol, il serait soit brûlé ou pourrirait ;—

A ces causes, il plaît au Gouverneur général en conseil d'ordonner, et il est par le présent ordonné comme suit :—

Si des colons demandent au ministère de l'Intérieur la permission de couper du bois sec sur certaines terres désignées, une inspection en sera faite, et s'il est jugé à propos de permettre que le bois soit coupé, permission sera donnée aux colons de le couper en payant des droits au taux de 25c. par mille pieds mesure de planche, cette coupe étant faite sous la surveillance immédiate d'un officier du dit ministère.

Greffier du Conseil privé.

CANADA.

ARRÊTÉ DU MINISTRE DE L'AGRICULTURE CONCERNANT
LA GALE DES BESTIAUX.

PAR et en vertu des pouvoirs qui me sont conférés par l'Acte concernant les épizooties, 1903,—

1. Je déclare par le présent que la maladie de la gale des bestiaux (mange) existe chez les chevaux dans toute cette partie des territoires d'Assiniboia et Alberta qui est bornée et décrite comme suit :—

Commencant à la source de la rivière du Daim dans Alberta, de là suivant la ligne centrale du cours de la dite rivière et ses divers détours jusqu'à un point où la dite ligne croise le quatrième méridien ; de là le long de la ligne du quatrième méridien au sud jusqu'à son intersection avec la ligne frontière entre le Canada et les Etats-Unis ; de là dans une direction ouest le long de la ligne frontière internationale jusqu'à un point où elle croise la limite ouest d'Alberta ; de là dans une direction nord et le long de la limite ouest d'Alberta jusqu'à un point vrai ouest du point de départ ; de là en droite ligne jusqu'à la source de la rivière du Daim et point de départ.

2. Je déclare de plus par le présent que tous les chevaux qui sont maintenant ou viendront ci-après dans les limites de la dite région seront réputés avoir été exposés à la contagion de la gale, et la dite région est déclarée être un endroit infecté dans le sens de l'Acte concernant les épizooties.

3. Et je déclare par le présent, comme suit :—Sauf tel que ci-après établi, nul cheval ne sera déplacé, ni sorti de la dite région sans avoir été examiné par un inspecteur vétérinaire du ministère, et déclaré exempt de la contagion de la gale.

4. Tous les chevaux qui doivent être déplacés ou que l'on a la permission de sortir de la région ci-dessus décrite, seront inspectés, et, si la chose est nécessaire, détenus, immergés, arrosés ou autrement traités à l'endroit ou aux endroits que le directeur vétérinaire général désignera, et seront accompagnés du certificat d'un inspecteur déclarant qu'ils sont exempts de la contagion de la gale.

5. Chaque fois que la gale est découverte dans une bande de chevaux que l'on a l'intention de sortir de la dite région, les animaux infectés seront séparés de ceux qui ne sont pas visiblement infectés, et seront détenus, isolés et traités à la satisfaction de l'inspecteur jusqu'à ce qu'ils soient guéris et exempts de la contagion de la gale. Ceux qui ne sont pas visiblement infectés de la gale seront immergés ou autrement traités à la satisfaction de l'inspecteur, avant de pouvoir partir pour leur destination.

6. Aucune compagnie de chemin de fer n'acceptera ni ne chargera des chevaux à aucun endroit en dedans de la dite région, à moins que ce chargement ne soit accompagné du certificat d'un inspecteur comme susdit.

7. Quel que soit l'endroit où sont déchargés des chevaux originaires de la dite région, ils devront être mis dans des enclos spéciaux, et ces enclos seront nettoyés et désinfectés aussitôt après avoir été occupés par ces chevaux.

8. Tous les wagons et autres véhicules et les chutes, allées, parcs, enclos et corrals employés durant le transport de ces chevaux, et aux endroits de leur destination, seront nettoyés et désinfectés à la satisfaction d'un inspecteur.

9. Tous les envois et connaissements qui accompagnent des chargements de chevaux originaires de la dite région, porteront à leur face, lisiblement écrit ou timbré, un avis que les dits wagons doivent être nettoyés et désinfectés aussitôt après avoir été déchargés.

10. Le passage des chevaux à travers la dite région, est permis par le présent, sujet aux règlements suivants :—

Les chevaux traversant par rail la dite région d'une partie du Canada à une autre, seront, aux endroits où il est nécessaire de les débarquer, placés dans des enclos réservés à leur usage exclusif, et il ne sera pas permis de les laisser venir en contact avec des chevaux qui sont originaires de la dite région.

11. Les chevaux importés des Etats-Unis dans la dite région et destinés à des points en Canada en dehors de la dite région, en se conformant aux règlements quaranténaires, et aux dispositions de l'article inné-

diatement suivant, pourront, sans délai inutile traverser la dite région directement à leur destination sans autres restrictions.

Toutes les personnes engagés dans l'élevage, le trafic, le commerce ou l'expédition des chevaux, et toutes les compagnies de transport, sont priées de coopérer avec ce ministère pour mettre le présent arrêté à exécution.

And whereas the "Merchant Shipping Act Amendment Act, 1862," was repealed by the "Merchant Shipping Act, 1894," but by section 745 of the latter Act it is amongst other things provided that any Order in Council made under any enactment thereby repealed shall continue in force as if it had been made under the said Act of 1894 :

And whereas by section 84 of the "Merchant Shipping Act, 1894," it is enacted as follows :—

84. (1) Whenever it appears to Her Majesty the Queen in Council that the tonnage regulations of this Act have been adopted by any foreign country, and are in force there, Her Majesty in

Council may order that the ships of that country shall, without being remeasured in Her Majesty's dominions, be deemed to be of the tonnage denoted in their certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

(2) Her Majesty in Council may limit the time during which the Order is to remain in operation, and make the Order subject to such conditions and qualifications (if any) as Her Majesty may deem expedient, and the operation of the Order shall be limited and modified accordingly.

(3) If it is made to appear to Her Majesty that the tonnage of any foreign ship, as measured by the rules of the country to which she belongs, materially differs from that which would be her tonnage if measured under this Act, Her Majesty in Council may order that, notwithstanding any Order in Council for the time being in force under this section, any of the ships of that country may, for all or any of the purposes of this Act, be remeasured in accordance with this Act.

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act whether passed before or after the commencement of that Act references to the Sovereign reigning at the time of the passing of the Act or to the Crown shall unless the contrary intention appears be construed as references to the Sovereign for the time being and that Act shall be binding on the Crown :

And whereas it has been made to appear to His present Majesty that the tonnage of French ships as measured by the rules concerning the measurement of tonnage of merchant ships of France materially differs from that which would be the tonnage of such ships if measured under the "Merchant Shipping Act, 1894" :

Now, therefore, His Majesty in Council doth order that notwithstanding the hereinbefore recited Order in Council dated the 5th day of May, 1873, any of the ships of France may for all or any of the purposes of the "Merchant Shipping Act, 1894" be remeasured in accordance with the said Act.

WHEREAS Mr. Cyrus Little who holds homestead entry for the South-east quarter of Section 36, Township 10, Range 27, west of the Fourth Meridian, has made application to purchase that portion of the South-west quarter of the same section adjoining his homestead, which lies east of Willow Creek, and contains 74.35 acres, as shown on the tracing appended hereto, and which quarter section was, under authority of the Order in Council of the 23rd January, 1896, amongst other lands reserved for stock-watering purposes;

EDOUARD SEPT, par la Grâce de Dieu, Roi du Royaume-Uni de la Grande-Bretagne et d'Irlande et des possessions britanniques au delà des mers, Défenseur de la Foi, Empereur des Indes.

E. L. NEWCOMBE, }

Canada. }
par l'article 3 du
chapitre 43 des Sta-
tuts Révisés du Canada, communément désigné "Acte des Sauvages," il est entre autres choses en substance statué, que le Gouverneur général en conseil pourra par proclamation exempter de l'application du dit acte ou de l'application d'un ou de plusieurs articles du dit acte, les sauvages ou les sauvages non compris dans les traités, ou quelqu'un d'entre eux ;

Et considérant que le dit acte et le dit article du dit acte s'appliquent au territoire du Yukon et y sont en vigueur ;

Et considérant qu'il Nous a été démontré qu'un nommé Dawson Charlie, de la ville de Caribou, dans le dit territoire du Yukon, qui est le fils du dernier chef des sauvages Tagish, est un des découvreurs pri-

mitifs de l'or dans la région du Klondyke, et, avec d'autres, a délimité et enregistré la première mine alluviale dans cette région ; qu'il a subséquemment découvert d'autres riches placers dans le territoire ; qu'il est un homme de moyens considérables ; qu'il ne suit pas la manière de vivre des sauvages, et qu'il est un homme intelligent et capable, sobre, et un bon citoyen ; et considérant que pour ces raisons et d'autres il convient que le dit Dawson Charlie soit libéré des restrictions et incapacités auxquelles sont soumis les sauvages et les sauvages non compris dans les traités sous l'empire de l'Acte des sauvages,—

Sachez donc, que par et avec l'avis de Notre Conseil privé pour le Canada, Nous proclamons et déclarons par le présent que le dit Dawson Charlie, en tant qu'il est ou peut être un sauvage ou un sauvage non compris dans les traités, dans le sens de l'Acte des Sauvages, est par le présent exempté de l'application du dit acte et de toute et chacune de ses dispositions.

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

EN FOI DE QUOI, Nous avons fait émettre nos présentes Lettres Patentes, et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre Très fidèle et Bien-aimé Cousin et Conseiller le Très honorable Sir GILBERT JOHN ELLIOT, Comte de Minto et Vicomte Melgund de Melgund, comté de Forfar, dans la pairie du Royaume-Uni, Baron Minto de Minto, comté de Roxburgh, dans la pairie de la Grande-Bretagne, Baronnet de la Nouvelle-Ecosse, Chevalier Grand-croix de Notre Ordre Très distingué de Saint-Michel et Saint-George, etc., etc., Gouverneur Général du Canada.

A Notre Hôtel du Gouvernement, en Notre cité d'OTTAWA, ce VINGT-TROISIÈME jour de MAI, dans l'année de Notre-Seigneur mil neuf cent quatre, et de Notre Règne la quatrième.

Par ordre,

Sous-Secrétaire d'Etat.

DÉPÊCHES, Etc.

AU PALAIS DE BUCKINGHAM,

Le 29e jour de janvier 1904.

PRESENT :

SA TRÈS EXCELLENTE MAJESTÉ LE ROI
EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil daté le 5e jour de mai 1873, il est dit que par l'Acte modificatif de l'Acte de la marine marchande, 1862, il est statué que lorsqu'il sera représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur en vertu de l'acte principal, ont été adoptés par le gouvernement d'un pays étranger et sont en vigueur dans ce pays, il sera loisible à Sa Majesté de déclarer par un arrêté en conseil, que les bâtiments de ce pays étranger seront censés avoir le tonnage indiqué sur leurs certificats d'enregistrement ou autres papiers nationaux, et que dès lors il ne sera plus nécessaire pour ces bâtiments d'être mesurés de nouveau dans un port ou lieu quelconque des possessions de Sa Majesté, mais que ces bâtiments seront censés être du tonnage inscrit sur leurs certificats d'enregistrement ou autres papiers, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur les certificats d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments.

Et qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands maintenant en vigueur sous l'autorité de l'Acte de la marine marchande de 1854, ont été adoptés par le Président de la République Française et étaient en vigueur dans les possessions françaises, Sa Majesté a bien voulu, par et avec l'avis de Son Conseil privé, décréter que les navires de France dont les certificats de nationalité et d'enregistrement français

auront été datés le ou après le premier jour de juin mil huit cent soixante-treize, seront censés être du tonnage indiqué dans les certificats de nationalité et d'enregistrement français.

Et considérant que l'Acte modificatif de la marine marchande de 1862, a été abrogé par l'Acte de la marine marchande de 1894, mais que par l'article 745 de ce dernier acte il est entre autres choses statué que tout arrêté en conseil rendu en vertu d'un statut abrogé par le présent acte continuera en vigueur comme s'il avait été fait en vertu du dit acte de 1894 ;

Et considérant que par l'article 84 de l'Acte de la marine marchande de 1894, il est statué comme suit :—

84.—(1.) Lorsqu'il appert à Sa Majesté la Reine en conseil que les règlements de tonnage du présent acte ont été adoptés par un pays étranger, et y sont en force, Sa Majesté en conseil pourra ordonner que les navires du dit pays, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage indiqué dans leurs certificats d'enregistrement ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage indiqué dans le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

(2.) Sa Majesté en conseil pourra limiter le temps durant lequel l'arrêté restera en opération, et rendra l'arrêté sujet aux conditions et qualifications (si aucun il y a) que Sa Majesté jugera expédient, et l'opération de l'arrêté sera limitée et modifiée en conséquence.

(3.) Toute et chaque fois qu'il sera représenté à Sa Majesté que le tonnage d'un navire étranger, tel que mesuré d'après les règlements de son pays, diffère matériellement de ce que serait son tonnage s'il était mesuré en vertu du présent acte, Sa Majesté pourra, par arrêté en conseil, ordonner que nonobstant tout arrêté en conseil alors en vigueur en vertu du présent article tout navire de ce pays étranger pourra, pour toutes les fins du présent acte, être remesuré en conformité du présent acte.

Et considérant que par l'article 30 de l'Acte d'interprétation de 1889, il est statué que dans le dit acte et dans tout acte passé soit avant soit après le commencement du dit acte, les expressions "souverain régnant à l'époque de l'adoption de l'acte," ou "la Couronne" seront censées jusqu'à preuve du contraire signifier le Souverain alors régnant, et le dit acte sera obligatoire pour la Couronne.

Et considérant qu'il appert à Sa Majesté que le tonnage des navires français, tels que mesurés d'après les règles concernant le mesurage du tonnage des navires marchands de France diffère essentiellement de ce que serait le tonnage de ces navires s'ils étaient mesurés en vertu de l'Acte de la marine marchande de 1894 :

A ces causes Sa Majesté en conseil décrète que nonobstant l'arrêté en conseil du 5e jour de mai 1873, tous les navires de France pourront pour toutes et chacune des fins de l'Acte de la marine marchande de 1894, être remesurés en conformité du dit acte.

ARRÊTÉS EN CONSEIL.

[Ren v. 463,850]

HOTEL DU GOUVERNEMENT A OTTAWA.

Lundi, le 30e jour de mai 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'article 11 des règlements concernant la vente du bois de construction sur les terres fédérales au Manitoba, les territoires du Nord-Ouest et dans la zone du chemin de fer dans la province de la Colombie Britannique établit qu'un colon de bonne foi pourra avoir le droit sans concurrence de

couper du bois de construction pour son propre usage, moyennant le paiement des droits suivants :—

Billots de construction de peuplier.....	½ c. par pied linéaire.
Billots de construction de pin, épinette blanche, épinette rouge et autre bois non énumérés.....	1½ c. par pied linéaire.
Billots de construction de chêne, orme, frêne ou érable.....	1½ c. par pied linéaire.
Bois carré et billes de sciage de peuplier, pin, cèdre, épinette blanche, épinette rouge et autres bois non énumérés.	\$1.50 par M. pds M.P.
Bois carré et billes de sciage de chêne.....	\$3.00 par M. pds M.P.

Les droits ci-dessus mentionnés sont pour le bois vert et le bois sec.

Et considérant qu'à la présente date, de grandes étendues de terres fédérales contiennent du bois sec qu'il serait à propos d'enlever vu qu'il constitue un danger pour le bois vert, et s'il restait sur le sol, il serait soit brûlé ou pourrirait ;—

A ces causes, il plaît au Gouverneur général en conseil d'ordonner, et il est par le présent ordonné comme suit :—

Si des colons demandent au ministère de l'Intérieur la permission de couper du bois sec sur certaines terres désignées, une inspection en sera faite, et s'il est jugé à propos de permettre que le bois soit coupé, permission sera donnée aux colons de le couper en payant des droits au taux de 25c. par mille pieds mesure de planche, cette coupe étant faite sous la surveillance immédiate d'un officier du dit ministère.

CANADA.

ARRÊTÉ DU MINISTRE DE L'AGRICULTURE CONCERNANT LA GALE DES BESTIAUX.

PAR et en vertu des pouvoirs qui me sont conférés par l'Acte concernant les épizooties, 1903,—

1. Je déclare par le présent que la maladie de la gale des bestiaux (mange) existe chez les chevaux dans toute cette partie des territoires d'Assiniboia et Alberta qui est bornée et décrite comme suit :—

Commençant à la source de la rivière du Daim dans Alberta, de là suivant la ligne centrale du cours de la dite rivière et ses divers détours jusqu'à un point où la dite ligne croise le quatrième méridien ; de là le long de la ligne du quatrième méridien au sud jusqu'à son intersection avec la ligne frontière entre le Canada et les Etats-Unis ; de là dans une direction ouest le long de la ligne frontière internationale jusqu'à un point où elle croise la limite ouest d'Alberta ; de là dans une direction nord et le long de la limite ouest d'Alberta jusqu'à un point vrai ouest du point de départ ; de là en droite ligne jusqu'à la source de la rivière du Daim et point de départ.

2. Je déclare de plus par le présent que tous les chevaux qui sont maintenant ou viendront ci-après dans les limites de la dite région seront réputés avoir été exposés à la contagion de la gale, et la dite région est déclarée être un endroit infecté dans le sens de l'Acte concernant les épizooties.

3. Et je décrète par le présent, comme suit :—Sauf tel que ci-après établi, nul cheval ne sera déplacé, ni sorti de la dite région sans avoir été examiné par un inspecteur vétérinaire du ministère, et déclaré exempt de la contagion de la gale.

4. Tous les chevaux qui doivent être déplacés ou que l'on a la permission de sortir de la région ci-dessus décrite, seront inspectés, et, si la chose est nécessaire, détenus, immergés, arrosés ou autrement traités à l'endroit ou aux endroits que le directeur vétérinaire général désignera, et seront accompagnés du certificat d'un inspecteur déclarant qu'ils sont exempts de la contagion de la gale.

5. Chaque fois que la gale est découverte dans une bande de chevaux que l'on a l'intention de sortir de la dite région, les animaux infectés seront séparés de ceux qui ne sont pas visiblement infectés, et seront détenus, isolés et traités à la satisfaction de l'inspecteur jusqu'à ce qu'ils soient guéris et exempts de la contagion de la gale. Ceux qui ne sont pas visiblement infectés de la gale seront immergés ou autrement traités à la satisfaction de l'inspecteur, avant de pouvoir partir pour leur destination.

6. Aucune compagnie de chemin de fer n'acceptera ni ne chargera des chevaux à aucun endroit en dedans de la dite région, à moins que ce chargement ne soit accompagné du certificat d'un inspecteur comme susdit.

7. Quel que soit l'endroit où sont déchargés des chevaux originaires de la dite région, ils devront être mis dans des enclos spéciaux, et ces enclos seront nettoyés et désinfectés aussitôt après avoir été occupés par ces chevaux.

8. Tous les wagons et autres véhicules et les chutes, allées, parcs, enclos et corrales employés durant le transport de ces chevaux, et aux endroits de leur destination, seront nettoyés et désinfectés à la satisfaction d'un inspecteur.

9. Tous les envois et connaissements qui accompagnent des chargements de chevaux originaires de la dite région, porteront à leur face, lisiblement écrit ou timbré, un avis que les dits wagons doivent être nettoyés et désinfectés aussitôt après avoir été déchargés.

10. Le passage des chevaux à travers la dite région, est permis par le présent, sujet aux règlements suivants :—

Les chevaux traversant par rail la dite région d'une partie du Canada à une autre, seront, aux endroits où il est nécessaire de les débarquer, placés dans des enclos réservés à leur usage exclusif, et il ne sera pas permis de les laisser venir en contact avec des chevaux qui sont originaires de la dite région.

11. Les chevaux importés des Etats-Unis dans la dite région et destinés à des points en Canada en dehors de la dite région, en se conformant aux règlements quaranténaires, et aux dispositions de l'article immédiatement suivant, pourront, sans délai inutile traverser la dite région directement à leur destination sans autres restrictions.

Toutes les personnes engagés dans l'élevage, le trafic, le commerce ou l'expédition des chevaux, et toutes les compagnies de transport, sont priées de coopérer avec ce ministère pour mettre le présent arrêté à exécution.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par ou au nom des postulants avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée légalement) doivent être déclarés comme étant d'utilité générale, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre chargée, au greffier de chaque municipalité qui pourra être affectée spécialement par la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration statutaire devra constater que cette formalité a été remplie par les postulants.

Outre l'avis à publier dans la *Gazette du Canada* susdite, un avis semblable devra aussi être publié dans quelque journal important, comme suit :—

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommis; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques :—Dans la *Gazette du Canada* seulement.

B. Lorsque la demande sera aux fins d'amender un acte existant,—

Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts. ON a Report dated 11th June, 1904, from the Minister of the Interior, stating that Messrs. S. T. Fawcett and E. Clayton of Graburn, Assiniboia, who hold leases for grazing purposes covering the north-west quarter of Section 15, the north half of Section 16, the south half of Section 21, the west half of Section 22, the north half and south-west quarter of section 24 and the east half of Section 36, Township 8, Range 2, and the north half of Section 1 and the east half of Section 2, Township 9, Range 2, west of the 4th Meridian, have made application to have the east half of Section 2, and the east half of section 36 withdrawn from homestead entry.

The Minister further states that an inspection has been made of the lands which shows that they are not of a class fitted for general agricultural purposes, that in order to the proper maintenance of the ranche the continuance of the control of these lands is necessary, and that the applicants are the owners of 700 cattle and 125 horses.

Et considérant que le dit acte et le dit article du dit acte s'appliquent au territoire du Yukon et y sont en vigueur ;

Et considérant qu'il Nous a été démontré qu'un nommé Dawson Charlie, de la ville de Caribou, dans le dit territoire du Yukon, qui est le fils du dernier chef des sauvages Tagish, est un des découvreurs primitifs de l'or dans la région du Klondyke, et, avec d'autres, a délimité et enregistré la première mine alluviale dans cette région ; qu'il a subséquemment découvert d'autres riches placers dans le territoire ; qu'il est un homme de moyens considérables ; qu'il ne suit pas la manière de vivre des sauvages, et qu'il est un homme intelligent et capable, sobre, et un bon citoyen ; et considérant que pour ces raisons et d'autres il convient que le dit Dawson Charlie soit libéré des restrictions et incapacités auxquelles sont soumis les sauvages et les sauvages non compris dans les traités sous l'empire de l'Acte des sauvages,—

Sachez donc, que par et avec l'avis de Notre Conseil privé pour le Canada, Nous proclamons et déclarons par le présent que le dit Dawson Charlie, en tant

qu'il est ou peut être un sauvage ou un sauvage non compris dans les traités, dans le sens de l'Acte des Sauvages, est par le présent exempté de l'application du dit acte et de toute et chacune de ses dispositions.

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

EN FOI DE QUOI, Nous avons fait émettre nos présentes Lettres Patentes, et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre Très fidèle et Bien-aimé Cousin et Conseiller le Très honorable Sir GILBERT JOHN ELLIOT, Comte de Minto et Vicomte Melgund de Melgund, comté de Forfar, dans la pairie du Royaume-Uni, Baron Minto de Minto, comté de Roxburgh, dans la pairie de la Grande-Bretagne, Baronnet de la Nouvelle-Ecosse, Chevalier Grand-croix de Notre Ordre Très distingué de Saint-Michel et Saint-George, etc., etc., Gouverneur Général du Canada.

A Notre Hôtel du Gouvernement, en Notre cité d'OTTAWA, ce VINGT-TROISIÈME jour de MAI, dans l'année de Notre-Seigneur mil neuf cent quatre, et de Notre Règne la quatrième.

Par ordre,

1-3

JOSEPH POPE,
Sous-Secrétaire d'Etat.

ARRETÈS EN CONSEIL.

[Renv. 463,850]

HOTEL DU GOUVERNEMENT A OTTAWA.

Lundi, le 30e jour de mai 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'article 11 des règlements concernant la vente du bois de construction sur les terres fédérales au Manitoba, les territoires du Nord-Ouest et dans la zone du chemin de fer dans la province de la Colombie Britannique établit qu'un colon de bonne foi pourra avoir le droit sans concurrence de couper du bois de construction pour son propre usage, moyennant le paiement des droits suivants :—

Billots de construction de peuplier.....	½ c. par pied linéaire.
Billots de construction de pin, épinette blanche, épinette rouge et autre bois non énuméré.....	1 ½ c. par pied linéaire.
Billots de construction de chêne, orme, frêne ou érable.....	1 ½ c. par pied linéaire.
Bois carré et billes de sciage de peuplier, pin, cèdre, épinette blanche, épinette rouge et autres bois non énumérés.	\$1.50 par M. pds M.P.
Bois carré et billes de sciage de chêne.....	\$3.00 par M. pds M.P.

Les droits ci-dessus mentionnés sont pour le bois vert et le bois sec.

Et considérant qu'à la présente date, de grandes étendues de terres fédérales contiennent du bois sec qu'il serait à propos d'enlever vu qu'il constitue un danger pour le bois vert, et s'il restait sur le sol, il serait soit brûlé ou pourrirait ;—

A ces causes, il plaît au Gouverneur général en conseil d'ordonner, et il est par le présent ordonné comme suit :—

Si des colons demandent au ministère de l'Intérieur la permission de couper du bois sec sur certaines terres désignées, une inspection en sera faite, et s'il est jugé à propos de permettre que le bois soit coupé, permission sera donnée aux colons de le couper en payant des droits au taux de 25c. par mille pieds mesure de planche, cette coupe étant faite sous la surveillance immédiate d'un officier du dit ministère.

SERVICES DE SANTÉ MILITAIRES.

Les Services de santé militaires de la milice canadienne seront composés de deux divisions distinctes :

- I. Le Département du service de santé militaire.
- II. Le Service de santé régimentaire.

I.

Le Département du service de santé militaire se composera—

- (1) Des officiers du service de santé.
- (2) Du personnel du service de santé militaire.

(1).

Les officiers du service de santé seront :—

- (a) Le directeur général des services de santé, avec le grade de colonel ;
- (b) Un directeur du service de santé pour chaque district ;
- (c) Les autres officiers du service de santé qui seront jugés nécessaires ; mais le nombre de ces officiers du service de santé n'excèdera jamais celui fixé dans l'annexe A ci-jointe, ou dans les effectifs approuvés annuellement par le Gouverneur en conseil.

(2).

Le personnel du service de santé militaire se composera—

- (A) Du personnel du service de santé militaire de la Milice Active permanente, composé—
 - (a) Du directeur général des services de santé (colonel) commandant ;
 - (b) D'un commis de 1ère classe pour le directeur général des services de santé, (officier breveté) ;
 - (c) Des médecins militaires en charge d'hôpitaux de garnison ;
 - (d) D'un maître de salle et d'un aide-maître de salle pour chaque garnison ;
 - (e) De trois infirmiers pour chaque hôpital de garnison.
- (B) Le personnel du service de santé militaire de la Milice se composera—
 - (a) De médecins militaires ;

- (b) De chirurgiens-dentistes ;
- (c) De sœurs hospitalières ;
- (d) De sous-officiers et soldats, qui seront enrôlés dans le corps, et assignés selon les circonstances aux diverses compagnies de brancardiers et d'ambulanciers du corps.

Le nombre de médecins militaires, de chirurgiens-dentistes, de sœurs hospitalières et de sous-officiers et soldats qui composera le personnel du service de santé militaire sera tel qu'il sera jugé nécessaire de temps à autre, mais ce nombre n'excèdera jamais celui fixé dans les annexes A et B ci-jointes, ou dans les effectifs approuvés annuellement par le Gouverneur en conseil.

GRADE ET AUTORITÉ.

Les grades et les désignations des officiers du service de santé et du personnel du service de santé militaire sauf les chirurgiens-dentistes et les sœurs hospitalières, seront combattants, c'est-à-dire, leurs grades et désignations seront colonel, lieutenant-colonel, major, capitaine et lieutenant, respectivement, mais leur commandement et autorité ne s'étendront pas au delà du personnel du service de santé militaire et des malades qui seront sous leurs soins de temps à autre.

Les chirurgiens-dentistes auront le grade relatif de lieutenant, et après cinq ans celui de capitaine (mais leur désignation officielle ne sera jamais autre que celle de "chirurgien-dentiste"). L'effectif du corps des dentistes n'excèdera jamais 18. La paie d'un chirurgien-dentiste sera celle de son grade relatif. Il ne sera pas appelé en devoir sauf par autorité du quartier-général ; et il recevra de paie et d'allocations que pour les jours durant lesquels il aura été réellement employé en vertu de cette autorité.

Les sœurs hospitalières recevront le grade relatif de lieutenant, c'est-à-dire, que leur présence sera celle d'un lieutenant, mais leur désignation ne sera jamais autre que celle de "sœur hospitalière", et elles n'auront ni commandement ou autorité militaire. Il est bien entendu aussi, qu'une sœur hospitalière ne sera appelée en devoir que par autorité du quartier-général, et qu'elle ne recevra de paie et d'allocations que pour les jours durant lesquels elle aura été réellement employée en vertu de cette autorité.

PAIE ET ALLOCATIONS.

La paie et les allocations pour les officiers du service de santé, et pour les médecins militaires, les chirurgiens-dentistes, et les sœurs hospitalières du personnel du service de santé de l'armée, et pour les corps permanents, et les médecins militaires régimentaires seront telles que fixées dans l'annexe "A" ci-jointe, et qui forme partie du présent ordre.

APTITUDES.

Les aptitudes des aspirants à une nomination ou avancement dans le département du service de santé militaire, seront telles que définies de temps à autre dans les Ordres de Milice, et conformément à l'Ordre de Milice 69 de 1904, en tant que cet ordre est applicable aux services de santé.

TRANSFERT.

Le directeur général des services de santé est par le présent transféré au corps du service de santé militaire de la Milice Active permanente nouvellement créé.

Tous les chirurgiens régimentaires permanents, les officiers du service de santé militaire, et les chirurgiens militaires de régiment de service aux écoles royales d'instruction, sont aussi par le présent transférés au corps de service de santé militaire de la Milice Active permanente nouvellement créé.

Les directeurs du service de santé déjà nommés sont par le présent transférés au corps d'officiers du service de santé nouvellement créé, et tous les autres officiers et les sœurs hospitalières aussi, dont les noms paraissent à présent dans le contrôle de la Milice sous l'entête "Militia Army Medical Staff", sont par le présent transférés au personnel du service de santé militaire nouvellement créé.

II.—SERVICE DE SANTÉ RÉGIMENTAIRE.

Le nombre de médecins militaires de régiment qui seront de temps à autre nommés, sera tel que fixé dans les Effectifs annuellement approuvés par le Gouverneur en conseil.

Les grades et les désignations des médecins militaires de régiment seront combattants, c'est-à-dire, leurs grades et désignations seront major, capitaine et lieutenant respectivement; mais le commandement et l'autorité d'un médecin militaire de régiment n'ira pas au delà de la section de brancardiers de son propre corps, et des malades qui seront de temps à autre sous ses soins.

La paie et les allocations des médecins militaires de régiment seront telles que fixées dans la dite annexe "A".

Les aptitudes des aspirants à une nomination ou avancement comme médecins militaires de régiment seront telles que publiées de temps à autre dans les Ordres de Milice, la durée de tous les cours d'instruction étant basée sur l'Ordre de Milice 69 de 1904, en tant que cet ordre est applicable aux services de santé.

Les services et les devoirs d'un médecin militaire de régiment seront strictement limités à sa propre unité, et tant qu'il appartiendra à ce corps il ne sera pas éligible comme officier du service de santé, ou à être employé à des devoirs d'officier du service de santé, l'intention étant que les nominations comme officiers du service de santé seront à l'avenir prises du personnel du service de santé militaire et de la réserve des médecins militaires.

Tous règlements touchant les services de santé de la milice antérieurs à la présente date, sont par le présent annulés.

ON a Report dated 11th June, 1904, from the Minister of the Interior, stating that Messrs. S. T. Pawcett and E. Clayton of Gruburn, Assiniboia, who held leases for grazing purposes covering the north-west quarter of Section 15, the north half of Section 16, the south half of Section 21, the west half of Section 22, the north half and south-west quarter of section 24 and the east half of Section 36, Township 8, Range 2, and the north half of Section 1 and the east half of Section 2, Township 9, Range 2, west of the 4th Meridian, have made application to have the

east half of Section 2, and the east half of section 36 withdrawn from homestead entry.

The Minister further states that an inspection has been made of the lands which shows that they are not of a class fitted for general agricultural purposes, that in order to the proper maintenance of the ranche the continuance of the control of these lands is necessary, and that the applicants are the owners of 700 cattle and 125 horses.

The Minister recommends that he be given authority to withhold these lands from homestead entry so long as the leases remain in force as they are actually required for the proper maintenance of the ranche.

(b) The lessee shall, from time to time, as required by the Minister of the Interior, furnish returns of the number of stock owned by him.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 27th day of June, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 11th June, 1904, from the Minister of the Interior, stating that Messrs. S. T. Fawcett and E. Clayton of Graburn, Assiniboia, who hold leases for grazing purposes covering the north-west quarter of Section 15, the north half of Section 16, the south half of Section 21, the west half of Section 22, the north half and south-west quarter of section 24 and the east half of Section 36, Township 8, Range 2, and the north half of Section 1 and the east half of Section 2, Township 9, Range 2, west of the 4th Meridian, have made application to have the

east half of Section 2, and the east half of section 36 withdrawn from homestead entry.

The Minister further states that an inspection has been made of the lands which shows that they are not of a class fitted for general agricultural purposes, that in order to the proper maintenance of the ranche the continuance of the control of these lands is necessary, and that the applicants are the owners of 700 cattle and 125 horses.

The Minister recommends that he be given authority to withhold these lands from homestead entry so long as the leases remain in force as they are actually required for the proper maintenance of the ranche.

The Committee submit the same for approval.

Clerk of the Privy Council.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie Britannique, ou les Terri-

toires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district: autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SCHEDULE.

THIS AGREEMENT made this eighteenth day of February, 1904,

Between :

HIS MAJESTY THE KING, acting in respect of the Dominion of Canada and herein represented and acting by the Honourable Henry Robert Emmerson, Minister of Railways and Canals,

OF THE FIRST PART ;

And

THE GRAND TRUNK PACIFIC RAILWAY COMPANY,

OF THE SECOND PART.

WHEREAS a contract bearing date the twenty-ninth day of July, 1903, was made and entered into between His Majesty the King, of the first part, and Sir Charles Rivers-Wilson and others, acting on behalf of the said Grand Trunk Pacific Railway Company, and providing, upon the terms and conditions in the said contract mentioned and set forth, for the construction and operation of the line of railway therein described ;

AND WHEREAS the said Contract was afterwards confirmed by an Act of the Parliament of Canada, chapter seventy-one of the statutes of 1903, known as *The National Transcontinental Railway Act* ;

AND WHEREAS the parties hereto have agreed, subject to ratification by the Parliament of Canada, to make certain modifications of the said Contract.

NOW THEREFORE THIS AGREEMENT WITNESSETH that the said parties have CONTRACTED AND AGREED with each other as follows :—

1. Notwithstanding anything in the said Contract contained, the time for completion of the Western Division of the railway shall be and the same is hereby extended to the first day of December, A.D. 1911, and the tenth paragraph of the said Contract is amended accordingly and by inserting the word “ strikes ” after the word “ floods ” in the seventh line thereof.

2. Notwithstanding anything contained in the thirteenth and twenty-ninth paragraphs of the said Contract, the Company shall, when it shall have completed the construction of the said Western Division in accordance with the terms of the said Contract as hereby amended, and shall have supplied rolling stock to the amount of fifteen million dollars (\$15,000,000), if the Eastern Division shall not then have been constructed and completed by the Government, be entitled to the return of the deposit made under the twelfth paragraph of the said Contract, or any part thereof which may then remain unforfeited in the hands of the Government under the terms of the said Contract ; and the Company shall also be entitled to have the guarantee of the Government endorsed upon the said bonds issued in respect of the Western Division, pursuant to paragraph twenty-nine of the said Contract ; and if it is shown to the satisfaction of the Government that the Western Division will be completed and rolling stock to the said amount of fifteen million dollars (\$15,000,000) supplied before the construction and completion of the Eastern Division and that the application of the said deposit will enable the Company to so complete the Western Division and supply rolling stock to the said amount and that the same will be so supplied, the said deposit shall be released by the Government in such instalments as may from time to time be agreed upon.

Provided, however, that, of the said rolling stock to the amount of fifteen million dollars (\$15,000,000), rolling stock to the amount of five million dollars (\$5,000,000), to the satisfaction of the Government, shall then have been marked in the manner provided by the twenty-second paragraph of the said Contract, ready to be assigned to the Eastern Division under the said paragraph upon its completion and to serve all the purposes in respect of the whole of the said Contract intended to be served by the five million dollars (\$5,000,000) worth of rolling stock in the said twenty-second paragraph mentioned.

3. Pending the completion of the Eastern Division by the Government, the Company shall be entitled to lease from the Commissioners, to be appointed under the said Act, and to operate such portions of the said Eastern Division as may from time to time be completed, but upon such terms as may be agreed upon between the Company and the said Commissioners, which terms are not to be more onerous than those of the lease of the whole division by the said Contract provided for, save in so far as may be necessary to give full effect to the paramount right of the said Commissioners next hereinafter mentioned, and subject always to the paramount right of the said Commissioners to use and operate the same without any payment of tolls or other compensation for such purposes as they may deem necessary or expedient in the execution of their commission.

4. The twenty-eighth paragraph of the said Contract is amended by striking thereout all the words following the word "not" in the eighth line thereof and inserting instead thereof the words "in respect of the prairie section exceed thirteen thousand dollars per mile of the mileage thereof, although seventy-five per centum of such cost of construction may have exceeded the said sum of thirteen thousand dollars per mile."

5. Notwithstanding anything in the said Contract contained, the Government may and shall, preserving always the proportions in the said Contract provided as between the prairie and mountain sections of the Western Division, implement for the purposes and subject otherwise to the provisions of the said Contract, its guarantee of the bonds of the said Company to be issued for the cost of construction of the said Western Division, in such manner as may be agreed upon, so as to make the proceeds of the said bonds so to be guaranteed a sum equal to seventy-five per centum of the cost of construction of the Western Division ascertained as provided in the said Contract, but not exceeding in respect of the prairie section, thirteen thousand dollars (\$13,000) per mile.

6. Notwithstanding anything in the said Contract contained, the Government shall not exercise any rights in respect of possession, foreclosure or sale, by reason of non-payment of interest by the Company under the thirty-first, thirty-second or thirty-third paragraphs of the said Contract, or under all or any of them, unless and until there shall be such default to the extent in the whole of a sum equal to five years of such interest, as the Company is not relieved from payment of or permitted to defer or capitalize by the provisions of the said paragraphs.

7. In case of such default being made by the Company in respect of the interest of the said bonds so guaranteed by the Government as would, under the provisions of the said Contract as amended hereby, entitle the Government to take possession of the said Western Division or to foreclose or sell the same, the remedy of the Government shall, notwithstanding anything in the said Contract contained, be the taking possession thereof

by and through an agent or manager to be appointed as hereinafter provided, whose powers and duties shall be to manage and operate the said Western Division, to receive all the tolls and revenues thereof, to pay thereout working expenditure as defined by *The Railway Act*, 1903, including the expenses of such management or agency, and to distribute the surplus tolls and revenues, after payment of such working expenditure, *pari passu* between the Government or other holders of the bonds secured as provided by paragraph 35 (a) of the said Contract and guaranteed by the Government and the holders of the bonds secured as provided by paragraph 35 (b) of the said Contract and guaranteed by the Grand Trunk Railway Company, in the proportion of seventy-five per centum of such surplus tolls or revenues to the holders of the former issue of the bonds and twenty-five per centum to the holders of the latter issue, and the mortgage to be prepared under the said paragraph 35 (a) shall contain appropriate provisions in that behalf. The said manager or agent is to be appointed by the Government, with the concurrence of the Company, or, if they are unable to agree, by a majority of the Supreme Court of Canada.

8. Should possession be taken as aforesaid, the right of the Government to such possession shall terminate if and when the application of the proportion herein provided of the said surplus tolls and revenues shall have paid off all arrears of such interest.

9. Notwithstanding anything in the twenty-seventh paragraph of the said Contract contained, the Grand Trunk Railway Company shall not, after the acquisition of the twenty-five million dollars (\$25,000,000) of common stock therein mentioned (less shares held by directors, not exceeding one thousand), be prevented from making any such disposition of such common stock as the said Grand Trunk Railway may deem expedient, provided, however, that the said Grand Trunk Railway Company shall, during the delay mentioned in the said paragraph, continue to hold a majority of the said stock by such title as shall enable the said Grand Trunk Railway Company to control the policy of the Company.

10. Paragraph twenty-one of the said Contract is amended by adding thereto the following clause:—

“Provided, further, that in the event of the Government determining to undertake the operation of the said Eastern Division, the Company shall be entitled for a further period of fifty years to such running powers and haulage rights as may be necessary to continuity of operation between the said Western Division and other portions of the Company’s system and the Grand Trunk Railway system upon such terms as may from time to time be agreed upon, or as may, from time to time, in case of failure so to agree, be determined in the manner provided by paragraph 24 (2) hereof, which is hereby made applicable to cases arising under this paragraph.”

11. In case, during the currency of the lease of the Eastern Division, the Company shall have constructed a branch line or lines running from a point or points in the said Eastern Division, the Government shall, if at the expiration of the said lease, it shall determine to undertake the operation of the said Eastern Division, take over such branch line or lines as the Company may elect not to retain, at such value as may be agreed upon, or as may, in case of failure so to agree, be determined in the manner provided by paragraph 24 (2) of the said Contract, which is hereby made applicable to cases arising under this paragraph. If any such branch line or lines shall have received any grant or grants under the provisions of any Act of the Parliament of Canada, the amount

of such grant or grants, without interest, shall be deducted from such value and the difference only shall be payable by the Government upon the taking over of such branch line or lines.

12. The said Contract, as modified by this agreement, is to be ratified by a general meeting of the shareholders of the Grand Trunk Railway Company of Canada on or before the eighth day of March, 1904, and the deposit required by the twelfth paragraph of the said Contract is to be made in cash or approved securities immediately after such ratification.

13. Save as herein expressly provided, the said Contract and each and every paragraph and provision thereof are not to be deemed to be in any way affected by the provisions of this Supplemental Contract, but are hereby expressly confirmed and ratified, and the words and expressions which are defined in the said contract shall, except as herein expressly varied, be held to have the same meaning herein as in the said Contract, and particularly and without in any way limiting the generality of the foregoing, the words and expressions, "government," "Company," "Eastern Division," "Western Division," "Prairie section," "Mountain section," "cost of construction," and "bonds," shall have the same meaning herein as in the said Contract.

14. The thirty-fourth paragraph of the said Contract is amended by substituting the word "thirty-five" for the word "twenty-five" in the twelfth line thereof.

15. This agreement shall be submitted to and be subject to ratification by the Parliament of Canada.

In Witness whereof, the said Henry Robert Emmerson, Minister of Railways, acting on behalf of His Majesty the King, hath hereunto set his hand and seal, and the said Company, represented herein by Sir Charles Rivers-Wilson and others, have also set their hands and seals.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 27th day of June, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 11th June, 1904, from the Minister of the Interior, stating that Messrs. S. T. Fawcett and E. Clayton of Gruburn, Assiniboia, who hold leases for grazing purposes covering the north-west quarter of Section 15, the north half of Section 16, the south half of Section 21, the west half of Section 22, the north half and south-west quarter of section 24 and the east half of Section 36, Township S, Range 2, and the north half of Section 1 and the east half of Section 2, Township 9, Range 2, west of the 4th Meridian, have made application to have the east half of Section 2, and the east half of section 36 withdrawn from homestead entry.

The Minister further states that an inspection has been made of the lands which shows that they are not of a class fitted for general agricultural purposes, that in order to the proper maintenance of the ranche the continuance of the control of these lands is necessary, and that the applicants are the owners of 700 cattle and 125 horses.

The Minister recommends that he be given authority to withhold these lands from homestead entry so long as the leases remain in force as they are actually required for the proper maintenance of the ranche.

The Committee submit the same for approval.

Clerk of the Privy Council.

The arrangements made by my Ministers with the Government of Mexico for lines of steamers between that Republic and Canada on the Atlantic and Pacific will, I hope, add materially to our foreign trade.

The steadily increasing revenue has amply justified the liberal aid granted towards the improvement of our rivers and harbours and the construction of other

public works materially benefiting the trade and commerce of our country.

The changes made in the Act respecting the Militia and Defence of Canada, providing for the increased strength and efficiency of the force will, I do not doubt, meet with general approval.

Gentlemen of the House of Commons:

I thank you for the liberal provision you have made for the public service.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

My official connection with the Dominion of Canada is drawing to a close. Be assured I shall watch its future progress and development with deep and abiding interest and pray that the peace and prosperity with which this favoured land is now being blessed, may under God's providence long continue.

THE SPEAKER of the Senate then said :

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Monday, the Nineteenth day of September next, to be here holden, and this Parliament is accordingly prorogued until the Nineteenth day of September next.

DOMINION OF CANADA.

ORDER OF THE MINISTER OF AGRICULTURE RELATING TO CATTLE MANGE.

Whereas the disease of Mange exists among cattle throughout those portions of the Territories of Assiniboia and Alberta which may be described as bounded by the International Boundary, the Rocky Mountains and a line drawn as follows:—

The line between Townships 32 and 33 from the Rocky Mountains as far east as the line of the Calgary and Edmonton Railway, thence north-easterly along the said line of railway to its intersection with the line between Townships 36 and 37, thence east along that line to the line between ranges 24 and 25 west of the 4th Principal Meridian, thence north along that line to the line between Townships 38 and 39, thence east along the line to the 4th Principal Meridian, thence south along the 4th Principal Meridian to the line between Townships 28 and 29, thence east along that line to the line between ranges 7 and 8 west of the 3rd Principal Meridian, thence south along that line to the line between Townships 10 and 11, thence east along that line to the line between ranges 20 and 21 west of the 2nd Principal Meridian, thence south along that line to the International Boundary line.

Therefore, under and by virtue of the powers vested in me by The Animal Contagious Diseases Act, 1903, I do hereby declare the said tract to be an infected place.

And whereas it is of the greatest importance to the interests of stock owners and to the preservation of a profitable market for western cattle that immediate steps should be taken with a view to the eradication of the disease in question and the prevention of its spread throughout Canada.

And whereas it is deemed necessary for the purposes aforesaid to supplement the provisions of the Order in Council dated the 27th June, 1904, whereby it is in part provided as follows:—

"Every Veterinary Inspector, and every person duly authorized by a Veterinary Inspector shall have full power to order animals affected or suspected of being affected with Mange to be collected for inspection and, when necessary, to be detained, isolated or treated in accordance with the instructions of the Veterinary Director General.

"The expenses of and incidental to such collection, isolation and treatment shall be borne by the owners of the animals, and if advanced by the Inspector or other authorized person shall, until paid, be a charge upon the said animals, without prejudice, however, to the recovery of any penalty for the infringement of these regulations.

"If such expenses are not paid within twenty days of the time when they have been incurred, the Inspector or other duly authorized person may proceed to sell the said animals by public auction after giving to the owner ten days' notice in writing of such intention to sell, which notice may be effectually given, where the owner is known, by delivering the same to him

personally or by sending it by mail addressed to him at his last known place of residence. Where the owner is unknown, such notice may be effectually given by publication in one issue of a newspaper published or circulating in the district where such animals are detained. The proceeds of such sale shall be applied first in payment of the reasonable expenses of the collection, isolation, treatment, giving of notice and conduct of sale and the balance, if any, shall be paid to the owner of said animals on demand. Any balance not so paid shall be remitted to the Minister and if not claimed within twelve months from the date of sale shall be paid to the credit of the Receiver General."

And whereas, the nature of the disease and the conditions under which cattle are kept in the above described tract are such that treatment, to be successful must be general and, as nearly as may be, simultaneous and must include not only cattle actually diseased, but all cattle which may have been, directly or indirectly, exposed to contagion.

And whereas, after careful inquiry and due consideration, it has been decided that the period between 1st September and 31st October is the most suitable and convenient for such treatment:

Therefore I do hereby notify all persons owning or being in charge of cattle within the above described tract that they must, during the said period, dip or otherwise treat such cattle in a manner satisfactory to the officers of this Department.

Provided that where it can be clearly shown to the satisfaction of the said officers that the cattle in any well defined area or district within the said tract are not affected with and have not been in any way exposed to the contagion of Mange or that they have, during the present season, been treated in a satisfactory manner and subsequently kept completely isolated from all other cattle, the facts shall be reported to the Veterinary Director General who may exempt such area or district from the operation of this Order so far as it applies to treatment.

Treatment satisfactory to the Department shall comprise either,—

(1) Immersion for not less than two minutes in a solution of lime and sulphur of a strength of not less than 10 lbs. of lime and 24 lbs. of sulphur to 100 gallons of water prepared according to the directions of the officers of the Department.

Or (2) Of an application by hand of the following preparation:—

Sulphur, 2 lbs.,
Oil of Tar, 8 ounces,
Raw Linseed Oil, 1 gallon.

In either case, the fluid used shall be applied at a temperature of not less than 100 nor more than 110 degrees Fahrenheit, and the treatment shall be repeated after an interval of not less than ten nor more than fifteen days.

The amount charged for the treatment of stray cattle or of cattle whose owners neglect or refuse to comply with this order so far as it refers to treatment, shall in no case exceed twenty-five cents per animal for each dipping or application, provided that where it is necessary to collect such animals and to hold them for the second dipping or application, an additional sum of one dollar per animal may be collected.

2. No cattle shall be removed or be allowed to move out of the hereinbefore described tract unless they are accompanied by the certificate of an Inspector of this Department stating that they have been examined by him and found free from contagion of Mange. Any such cattle, however, shall, if deemed advisable by the Inspector, be detained, dipped, sprayed or otherwise treated in such manner as the Veterinary Director General may, from time to time, prescribe.

3. No Railway Company shall accept or load any shipment of cattle at any point within the said tract except for immediate slaughter, as provided in Section 7, unless such shipment is accompanied by the certificate of Inspector as aforesaid.

4. At points where cattle originating in the said tract are unloaded they shall be placed in special yards and such yards shall be used for no other purpose and shall be cleansed and disinfected when so ordered by an Inspector.

5. All cars and other vehicles used for the carriage of such cattle shall be cleansed and disinfected to the satisfaction of an Inspector as soon as possible after being unloaded and before being used for any other shipment.

6. All way bills and bills of lading accompanying shipments of cattle originating within the said tract shall have plainly written or stamped across the face thereof a notification that the said cars are to be cleansed and disinfected immediately after being unloaded.

7. Cattle affected with or which have been exposed to the contagion of Mange may be shipped for immediate slaughter to points within the above described tract under the following conditions:—

(1) They shall be loaded from special yards and chutes reserved exclusively for such shipments; shall not be allowed to come in contact with other animals; shall be consigned direct only to such slaughter houses within the hereinbefore described tract as are provided with private yards and chutes; shall not be unloaded at any point en route and shall under no pretext whatever be removed alive from the slaughter house or the yards and premises immediately connected therewith.

(2) Cars conveying such cattle shall be cleansed and disinfected to the satisfaction of an Inspector immediately after being unloaded.

8. The transit of cattle through the said tract is hereby permitted subject to the following regulations:—

(1) Cattle for transit by rail through the said tract from one part of Canada to another shall, at points where unloading is necessary, be placed in yards reserved for their exclusive use, and shall not be permitted to come in contact with cattle which have originated within the said tract.

(2) Cattle imported from the United States into the said tract destined for points in Canada outside thereof may, upon compliance with the Quarantine Regulations, and with the provisions of the next preceding section hereof, be permitted to pass without unnecessary delay through the said tract direct to their destination without further restrictions.

All persons engaged in breeding, exporting, dealing in, driving or shipping cattle and all transportation companies are requested to co-operate with this Department in enforcing the provisions of this Order.

Dated at Ottawa the ninth day of August, 1904.

GEO. F. O'HALLORAN,
Deputy Minister of Agriculture.

"Les Communes du Canada ont voté certains subsides nécessaires pour permettre au gouvernement de faire face aux dépenses du service public.

"Au nom des Communes je présente à Votre Excellence le bill suivant :—

142. Acte accordant à Sa Majesté certaines sommes nécessaires pour subvenir aux dépenses du service public pour les exercices expirant respectivement le 30 juin 1904 et le 30 juin 1905.

que je prie humblement Votre Excellence de sanctionner."

A ce bill la sanction royale a été donnée par le greffier du Sénat, par ordre de Son Excellence, dans les termes suivants :—

"Au nom de Sa Majesté, Son Excellence le Gouverneur Général remercie ses loyaux sujets, accepte leur bienveillance et sanctionne ce bill."

Après quoi il a plu à Son Excellence le Gouverneur Général de clore la QUATRIÈME SESSION DU NEUVIÈME PARLEMENT par le discours suivant :—

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

Je suis heureux de vous dispenser de prolonger votre présence au Parlement après une session qui a duré plus longtemps que je ne m'y attendais lorsque je vous ai adressé la parole le onze mars dernier.

Les termes et conditions d'après lesquels le Chemin de fer Transcontinental National sera construit et exploité ayant été enfin déterminés et acceptés, les travaux de construction vont se faire aussi rapidement que les explorations et la localisation de la ligne le permettront.

L'unanimité des opinions exprimées au sujet des changements apportés au tarif est une preuve très

satisfaisante que ces modifications sont généralement approuvées.

Les arrangements faits par mes ministres avec le gouvernement du Mexique pour l'établissement de lignes de steamers entre cette république et le Canada, sur l'Atlantique et sur le Pacifique, vont, je l'espère, favoriser dans une large mesure le développement de notre commerce extérieur.

L'augmentation constante de notre revenu a amplement justifié la libéralité des crédits consacrés à l'amélioration de nos rivières et de nos ports et à l'exécution d'autres travaux publics essentiellement avantageux au commerce de notre pays.

Les modifications apportées à la loi de la Milice et de la Défense du Canada et ayant pour objet de rendre l'effectif plus puissant et plus efficace, seront généralement approuvées, je n'en doute pas.

Messieurs de la Chambre des Communes :

Je vous remercie d'avoir libéralement pourvu aux frais du service public.

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

Mes relations officielles avec le Canada touchent à leur fin. Soyez assurés que je suivrai son progrès et son développement futurs avec un vif et constant intérêt, et ferai des vœux pour que, Dieu aidant, la paix et la prospérité dont cet heureux pays est maintenant favorisé, règnent encore longtemps.

L'ORATEUR du Sénat alors dit :

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL, que ce parlement soit prorogé jusqu'à Lundi, le Dix-neuvième jour de septembre prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à Lundi, le Dix-neuvième jour de septembre prochain.

COMMISSION DES CHEMINS DE FER.

COMMISSION DES CHEMINS DE FER POUR LE CANADA.

(Assemblée à Ottawa.)

Samedi, le trentième jour de juillet, A.D. 1904.

PRÉSENTS :

L'honorable A. G. BLAIR, C.P., C.R., LL.D.,
Chef de la Commission.

L'honorable M. E. BERNIER,
Chef suppléant de la Commission.

JAMES MILLS, écuyer, M.A., LL.D.,
Commissaire.

Dans l'affaire de la plainte portée par J. A. Scobell contre la Compagnie de chemin de fer Kingston et Pembroke (ci-après appelée la compagnie défenderesse) devant la Commission des chemins de fer pour le Canada, sous l'empire de l'Acte des chemins de fer de 1903, énonçant (1°) que des taux différentiels sont imposés pour le transport du bois de cèdre, traverses de chemin de fer, et poteaux de toutes sortes faits de cèdre, et employés à des fins de chemin de fer, etc. ; (2°) que des taux excessifs et déraisonnables sont imposés pour le transport des poteaux de télégraphe et de téléphone, et les perches de trolley, comparativement aux taux sur le bois de service, etc.

Ayant entendu les énoncés du plaignant Scobell, et la réponse de F. Conway, agent général du fret de la compagnie défenderesse, et la preuve à l'appui :—

Ordonné,—

Que la compagnie défenderesse cesse et arrête immédiatement de prélever des péages plus élevés sur le cèdre et ses produits tels que le bois de service, les traverses, pieux, poteaux de téléphone et de télégraphe

et perches de trolley, que sur d'autres espèces de bois de construction et leurs produits.

Que la compagnie défenderesse substitue à ses taux actuels, des péages qui n'établiront pas de différence entre le cèdre et les autres bois.

Que les taux sur les traverses de cèdre et autres ne soient pas plus élevés que les taux sur le bois de service qui seront publiés dans le tarif spécial par mille de la compagnie pour le bois de service, etc., et que les taux sur le bois de cèdre, les pieux de cèdre, et les poteaux de cèdre de toutes sortes ne soient pas plus élevés relativement que les taux sur d'autres bois de service, pieux et poteaux ; et que la Compagnie de chemin de fer Kingston et Pembroke substitue un nouveau tarif rendant le présent ordre exécutoire, et le soumette sous vingt jours à l'approbation de la Commission.

Et ordonné, de plus,—

Que la Classification n° 12 du fret canadien du 1er de mai 1903, soit modifiée sous le chef "Bois de service," comme suit, savoir, que les perches, pieux de clôture, poteaux de télégraphe et les traverses de toutes sortes, qui sont aujourd'hui classés comme devant être transportés par les chemins de fer par convention spéciale seulement, soient ajoutés à la liste des articles compris dans la dite classification sous le chef "Bois commun" et y sont classés 10e classe par chargement de wagon ; et que les poteaux de téléphone et les perches de trolley (en bois) soient aussi ajoutés à la dite liste.

LONDON, 9th August, 1904.

My telegram of February 10th rules for observance of neutrality published in *London Gazette* February 11th lay down in rule 3 to what extent coal might be supplied to belligerent warships in British ports during the present war. It must be borne in mind that reason for practice of admitting belligerent ships of war into neutral ports arises out of exigencies of life at sea and the hospitality which it is customary to extend to vessels of friendly powers and that this principle does not extend to enabling such vessel to utilize neutral port directly for the purpose of hostile operations. H. M. G. have decided that rule above mentioned is not to be understood as having any application to case of belligerent fleet proceeding either to the seat of war or to any position or positions on the line of route with the object of intercepting ships or suspicious of carrying contraband of war. Such fleet cannot be permitted to make use in any way of any British ports for the purpose of coaling either directly from the shore or from colliers accompanying fleet whether vessels of the fleet present themselves at the port at the same time or successively. H. M. G. further direct that the same practice be pursued with reference to single belligerent ships of war if it is clear that they are proceeding for the purpose of belligerent operations as above defined. This is not to be applied to the case of a vessel putting in on account of actual distress at sea.

DOMINION OF CANADA.

ORDER OF THE MINISTER OF AGRICULTURE RELATING TO CATTLE MANGE.

Whereas the disease of Mange exists among cattle throughout those portions of the Territories of Assiniboia and Alberta which may be described as bounded by the International Boundary, the Rocky Mountains and a line drawn as follows:—

The line between Townships 32 and 33 from the Rocky Mountains as far east as the line of the Calgary and Edmonton Railway, thence north-easterly along the said line of railway to its intersection with the line between Townships 36 and 37, thence east along that line to the line between ranges 24 and 25 west of the 4th Principal Meridian, thence north along that line to the line between Townships 38 and 39, thence east along the line to the 4th Principal Meridian, thence south along the 4th Principal Meridian to the line between Townships 28 and 29, thence east along that line to the line between ranges 7 and 8 west of the 3rd Principal Meridian, thence south along that line to the line between Townships 10 and 11, thence east along that line to the line between ranges 20 and 21 west of the 2nd Principal Meridian, thence south along that line to the International Boundary line.

Therefore, under and by virtue of the powers vested in me by The Animal Contagious Diseases Act, 1903, I do hereby declare the said tract to be an infected place.

And whereas it is of the greatest importance to the interests of stock owners and to the preservation of a profitable market for western cattle that immediate steps should be taken with a view to the eradication of the disease in question and the prevention of its spread throughout Canada.

And whereas it is deemed necessary for the purposes aforesaid to supplement the provisions of the Order in Council dated the 27th June, 1904, whereby it is in part provided as follows:—

“Every Veterinary Inspector, and every person duly authorized by a Veterinary Inspector shall have full power to order animals affected or suspected of being affected with Mange to be collected for inspection and, when necessary, to be detained, isolated or treated in accordance with the instructions of the Veterinary Director General.

“The expenses of and incidental to such collection, isolation and treatment shall be borne by the owners of the animals, and if advanced by the Inspector or other authorized person shall, until paid, be a charge upon the said animals, without prejudice, however, to the recovery of any penalty for the infringement of these regulations.

“If such expenses are not paid within twenty days of the time when they have been incurred, the Inspector or other duly authorized person may proceed to sell the said animals by public auction after giving to the owner ten days’ notice in writing of such intention to sell, which notice may be effectually given, where the owner is known, by delivering the same to him

personally or by sending it by mail addressed to him at his last known place of residence. Where the owner is unknown, such notice may be effectually given by publication in one issue of a newspaper published or circulating in the district where such animals are detained. The proceeds of such sale shall be applied first in payment of the reasonable expenses of the collection, isolation, treatment, giving of notice and conduct of sale and the balance, if any, shall be paid to the owner of said animals on demand. Any balance not so paid shall be remitted to the Minister and if not claimed within twelve months from the date of sale shall be paid to the credit of the Receiver General."

And whereas, the nature of the disease and the conditions under which cattle are kept in the above described tract are such that treatment, to be successful must be general and, as nearly as may be, simultaneous and must include not only cattle actually diseased, but all cattle which may have been, directly or indirectly, exposed to contagion.

And whereas, after careful inquiry and due consideration, it has been decided that the period between 1st September and 31st October is the most suitable and convenient for such treatment :

Therefore I do hereby notify all persons owning or being in charge of cattle within the above described tract that they must, during the said period, dip or otherwise treat such cattle in a manner satisfactory to the officers of this Department.

Provided that where it can be clearly shown to the satisfaction of the said officers that the cattle in any well defined area or district within the said tract are not affected with and have not been in any way exposed to the contagion of Mange or that they have, during the present season, been treated in a satisfactory manner and subsequently kept completely isolated from all other cattle, the facts shall be reported to the Veterinary Director General who may exempt such area or district from the operation of this Order so far as it applies to treatment.

Treatment satisfactory to the Department shall comprise either,—

(1) Immersion for not less than two minutes in a solution of lime and sulphur of a strength of not less than 10 lbs. of lime and 24 lbs. of sulphur to 100 gallons of water prepared according to the directions of the officers of the Department.

Or (2) Of an application by hand of the following preparation :—

Sulphur, 2 lbs.,
Oil of Tar, 8 ounces,
Raw Linseed Oil, 1 gallon.

In either case, the fluid used shall be applied at a temperature of not less than 100 nor more than 110 degrees Fahrenheit, and the treatment shall be repeated after an interval of not less than ten nor more than fifteen days.

The amount charged for the treatment of stray cattle or of cattle whose owners neglect or refuse to comply with this order so far as it refers to treatment, shall in no case exceed twenty-five cents per animal for each dipping or application, provided that where it is necessary to collect such animals and to hold them for the second dipping or application, an additional sum of one dollar per animal may be collected.

2. No cattle shall be removed or be allowed to move out of the hereinbefore described tract unless they are accompanied by the certificate of an Inspector of this Department stating that they have been examined by him and found free from contagion of Mange. Any such cattle, however, shall, if deemed advisable by the Inspector, be detained, dipped, sprayed or otherwise treated in such manner as the Veterinary Director General may, from time to time, prescribe.

3. No Railway Company shall accept or load any shipment of cattle at any point within the said tract except for immediate slaughter, as provided in Section 7, unless such shipment is accompanied by the certificate of Inspector as aforesaid.

4. At points where cattle originating in the said tract are unloaded they shall be placed in special yards and such yards shall be used for no other purpose and shall be cleansed and disinfected when so ordered by an Inspector.

5. All cars and other vehicles used for the carriage of such cattle shall be cleansed and disinfected to the satisfaction of an Inspector as soon as possible after being unloaded and before being used for any other shipment.

6. All way bills and bills of lading accompanying shipments of cattle originating within the said tract shall have plainly written or stamped across the face thereof a notification that the said cars are to be cleansed and disinfected immediately after being unloaded.

7. Cattle affected with or which have been exposed to the contagion of Mange may be shipped for immediate slaughter to points within the above described tract under the following conditions :—

(1) They shall be loaded from special yards and chutes reserved exclusively for such shipments ; shall not be allowed to come in contact with other animals ; shall be consigned direct only to such slaughter houses within the hereinbefore described tract as are provided with private yards and chutes ; shall not be unloaded at any point en route and shall under no pretext whatever be removed alive from the slaughter house or the yards and premises immediately connected therewith.

(2) Cars conveying such cattle shall be cleansed and disinfected to the satisfaction of an Inspector immediately after being unloaded.

8. The transit of cattle through the said tract is hereby permitted subject to the following regulations :—

(1) Cattle for transit by rail through the said tract from one part of Canada to another shall, at points where unloading is necessary, be placed in yards reserved for their exclusive use, and shall not be permitted to come in contact with cattle which have originated within the said tract.

(2) Cattle imported from the United States into the said tract destined for points in Canada outside thereof may, upon compliance with the Quarantine Regulations, and with the provisions of the next preceding section hereof, be permitted to pass without unnecessary delay through the said tract direct to their destination without further restrictions.

All persons engaged in breeding, exporting, dealing in, driving or shipping cattle and all transportation companies are requested to co-operate with this Department in enforcing the provisions of this Order.

Dated at Ottawa the ninth day of August, 1904.

GEO. F. O'HALLORAN,
Deputy Minister of Agriculture.

Câble. CONSEIL PRIVÉ DU CANADA.

De l'honorable Secrétaire d'Etat pour les Colonies à Lord Minto.

LONDRES, 9 août 1904.

Mon télégramme du 10 février, règles pour l'observance de la neutralité publiées dans la *London Gazette* du 11 février, explique à la règle 3 jusqu'à quel point le charbon peut être fourni aux navires de guerre belligérents dans des ports britanniques dans le cours de la guerre actuelle. Il faut se rappeler que la pratique d'admettre des navires de guerre belligérents dans des ports neutres provient des exigences de la vie en mer et l'hospitalité qu'il est de coutume d'offrir à des vaisseaux de puissances amies, et que ce principe ne va pas jusqu'à permettre à ces vaisseaux d'utiliser un port neutre directement pour des fins d'opérations hostiles. Le G. de S. M. a décidé que la règle précitée ne doit pas s'entendre s'appliquer aucunement au cas d'une flotte belligérente se ren-

dant soit au siège de la guerre ou à une position ou des positions sur la ligne de route dans le but d'intercepter des navires, ou soupçonnés de porter de la contrebande de guerre. On ne doit pas permettre à une telle flotte de se servir d'une manière quelconque d'aucuns des ports britanniques dans le but de prendre du charbon soit directement du rivage ou de charbonniers qui accompagnent la flotte, que des vaisseaux de la flotte se présentent au port en même temps ou successivement. Le G. de S. M. ordonne de plus que la même pratique soit suivie au sujet de navires de guerre belligérents seuls s'il est évident qu'ils se rendent à des opérations belligérentes comme définies plus haut. Ceci ne s'applique pas au cas d'un vaisseau se réfugiant dans un port à cause de désastre en mer.

COMMISSION DES CHEMINS DE FER.

COMMISSION DES CHEMINS DE FER POUR LE CANADA.

(Assemblée à Ottawa.)

Samedi, le trentième jour de juillet, A.D. 1904.

PRÉSENTS :

L'honorable A. G. BLAIR, C.P., C.R., LL.D.,
Chef de la Commission.

L'honorable M. E. BERNIER,
Chef suppléant de la Commission.

JAMES MILLS, écuyer, M.A., LL.D.,
Commissaire.

Dans l'affaire de la plainte portée par J. A. Scobell contre la Compagnie de chemin de fer Kingston et Pembroke (ci-après appelée la compagnie défenderesse) devant la Commission des chemins de fer pour le Canada, sous l'empire de l'Acte des chemins de fer de 1903, énonçant (1°) que des taux différentiels sont imposés pour le transport du bois de cèdre, traverses de chemin de fer, et poteaux de toutes sortes faits de cèdre, et employés à des fins de chemin de fer, etc. ; (2°) que des taux excessifs et déraisonnables sont imposés pour le transport des poteaux de télégraphe et de téléphone, et les perches de trolley, comparativement aux taux sur le bois de service, etc.

Ayant entendu les énoncés du plaignant Scobell, et la réponse de F. Conway, agent général du fret de la compagnie défenderesse, et la preuve à l'appui :—

Ordonné,—

Que la compagnie défenderesse cesse et arrête immédiatement de prélever des péages plus élevés sur le cèdre et ses produits tels que le bois de service, les traverses, pieux, poteaux de téléphone et de télégraphe et perches de trolley, que sur d'autres espèces de bois de construction et leurs produits.

Que la compagnie défenderesse substitue à ses taux actuels, des péages qui n'établiront pas de différence entre le cèdre et les autres bois.

Que les taux sur les traverses de cèdre et autres ne soient pas plus élevés que les taux sur le bois de service qui seront publiés dans le tarif spécial par mille de la compagnie pour le bois de service, etc., et que les taux sur le bois de cèdre, les pieux de cèdre, et les poteaux de cèdre de toutes sortes ne soient pas plus élevés relativement que les taux sur d'autres bois de service, pieux et poteaux ; et que la Compagnie de chemin de fer Kingston et Pembroke substitue un nouveau tarif rendant le présent ordre exécutoire, et le soumette sous vingt jours à l'approbation de la Commission.

Et ordonné, de plus,—

Que la Classification n° 12 du fret canadien du 1er de mai 1903, soit modifiée sous le chef "Bois de service," comme suit, savoir, que les perches, pieux de clôture, poteaux de télégraphe et les traverses de toutes sortes, qui sont aujourd'hui classés comme devant être transportés par les chemins de fer par convention spéciale seulement, soient ajoutés à la liste des articles compris dans la dite classification sous le chef "Bois commun" et y sont classés 10e classe par chargement de wagon ; et que les poteaux de téléphone et les perches de trolley (en bois) soient aussi ajoutés à la dite liste.

M. E. BERNIER,
Chef-suppléant de la Commission
des chemins de fer pour le Canada.

AVIS DU GOUVERNEMENT.

CANADA.

DÉCRET DU MINISTRE DE L'AGRICULTURE AU SUJET DE LA GALE DES BESTIAUX.

CONSIDÉRANT que la gale des bestiaux sévit chez le bétail dans toute cette partie des territoires de l'Assiniboia et d'Alberta bornée par la frontière internationale, les montagnes Rocheuses et une ligne tirée comme ci-dessous :—

Une ligne tirée entre les townships 32 et 33 à partir des montagnes Rocheuses aussi loin à l'est que la ligne du chemin de fer Calgary et Edmonton, de là vers le nord-est le long de la dite ligne de chemin de fer jusqu'à son croisement avec la ligne entre les townships 36 et 37, de là vers l'est le long de la ligne entre les rangs 24 et 25 à l'ouest du 4e principal méridien, de là le long de cette ligne jusqu'à la ligne entre les townships 38 et 39, de là vers l'est longeant la ligne du 4e principal méridien, de là au sud longeant le 4e méridien jusqu'à la ligne entre les townships 28 et 29, de là vers l'est longeant la dite ligne jusqu'à la ligne entre les rangs 7 et 8 à l'ouest du 3e principal méridien, de là vers le sud longeant cette ligne jusqu'à la ligne entre les townships 10 et 11, de là vers l'est longeant cette ligne jusqu'à la ligne entre les rangs 20 et 21 à l'ouest du 2e principal méridien, de là vers le sud longeant cette ligne jusqu'à la ligne frontière internationale.

A ces causes, par et en vertu des pouvoirs qui me sont conférés par l'Acte concernant les épizooties de 1903, je déclare par le présent la dite région un endroit infecté.

Et considérant qu'il est de la plus haute importance pour les intérêts des propriétaires de bestiaux et pour la conservation d'un bon marché pour les animaux de l'ouest que des mesures soient immédiatement prises à l'effet d'extirper la maladie en question et l'empêcher de se propager par tout le Canada.

Et considérant qu'il est nécessaire pour arriver à cette fin de suppléer aux prescriptions de l'arrêté en conseil du 27 de juin 1904, qui décrète que—

"Chaque inspecteur vétérinaire, et chaque personne dûment autorisée par un inspecteur vétérinaire aura le pouvoir d'ordonner que les animaux affectés ou soupçonnés d'être affectés de la gale soient rassemblés pour être inspectés, et si la chose est nécessaire, être détenus, isolés ou traités conformément aux instructions du vétérinaire directeur général.

"Les frais résultant de ces rassemblement, isolement, et traitement seront à la charge des propriétaires des animaux, et dans le cas où ces frais seraient avancés par l'inspecteur ou autre personne autorisée ils seront prélevables sur les dits animaux, sans préjudice, toutefois, du recouvrement des amendes encourues pour l'infraction des présents règlements.

"Si ces frais ne sont pas payés sous vingt jours de la date où ils sont encourus, l'inspecteur ou autre personne dûment autorisée pourra faire vendre les dits animaux à l'enchère publique, après avoir donné au propriétaire dix jours d'avis par écrit de son intention de faire vendre les dits animaux ; cet avis sera réputé être légalement donné, dans le cas où le propriétaire est connu, en le lui délivrant en personne, ou en le lui envoyant par la poste à son dernier domicile connu. Si le propriétaire est inconnu, cet avis sera légalement donné en le publiant dans une édition d'un papier-nouvelles publié ou circulant dans le district où ces animaux sont détenus. Les produits de cette vente seront, en premier lieu, appliqués au paiement des dépenses raisonnables des rassemblement, isolement, traitement, annonces et conduite de la vente, et la balance, s'il en reste, sera payée au propriétaire des dits animaux, à sa demande. Tout solde restant impayé sera remis au Ministre, et s'il n'est pas réclamé sous douze mois après le jour de la vente, il sera versé au crédit du Receveur général."

Et considérant que la nature de la maladie et les conditions où sont tenus les animaux dans la région ci-dessus décrite, sont tels, que pour réussir le traitement doit être général et, autant que possible, simultané, et doit inclure non seulement les animaux malades mais tous les animaux qui auraient été directement ou indirectement exposés à la contagion.

Et considérant, après une enquête minutieuse et un mûre examen, qu'il a été décidé que la période entre le 1er septembre au 31 octobre est la plus propice et la plus convenable au dit traitement :

A ces causes j'avertis par le présent toutes personnes possédant ou qui ont la charge d'animaux dans la région ci-dessus décrite, de voir durant la dite période, à ce que ces animaux soient immergés ou autrement traités d'une manière satisfaisante aux fonctionnaires de ce ministère.

Pourvu, cependant, que lorsqu'il est clairement démontré, à la satisfaction des dits fonctionnaires, que les animaux dans toute région ou district bien défini ne sont pas atteints de la gale, ou qu'il n'ont aucunement été exposés à la contagion de la gale, ou qu'ils ont, dans le cours de la saison actuelle, été traités d'une manière satisfaisante, et ensuite gardés complètement isolés de tous autres animaux, les faits seront exposés au directeur vétérinaire général et ce dernier pourra exempter cette région ou district de l'opération du présent arrêté en tant qu'il s'agit du traitement.

Ce traitement, selon l'avis du ministère, sera,—

1° Soit l'immersion pendant au moins deux minutes dans une solution de chaux et de soufre composée d'au moins 10 livres de chaux et de 24 livres de soufre dans 100 gallons d'eau, préparée d'après les instructions des fonctionnaires du ministère,—ou

2° Une application à la main de la préparation suivante :—

Soufre, 2 livres
Huile de goudron, 8 onces,
Huile de lin cune, 1 gallon.

Dans l'un ou l'autre cas le fluide employé sera appliqué à la température d'au moins 100 et d'au plus 110 degrés Fahrenheit, et le traitement sera répété après un intervalle d'au moins dix et d'au plus quinze jours.

La somme exigée pour le traitement d'animaux errants ou d'animaux dont les propriétaires négligent ou refusent de se conformer au présent arrêté en tant qu'il s'agit du traitement, ne dépasseront jamais vingt-cinq centins par animal pour chaque immersion ou application, mais s'il est nécessaire de rassembler les animaux et de les garder pour une deuxième immersion ou application, une somme additionnelle de une piastre par animal pourra être perçue.

2. Aucun animal ne sera déplacé ni ne pourra sortir de la région ci-dessus décrite sans être accompagné du certificat d'un inspecteur de ce ministère déclarant qu'il a été examiné par un inspecteur de ce ministère et trouvé exempt de la contagion de la gale. Toutefois, si l'inspecteur le juge à propos, cet animal pourra être détenu, immergé, arrosé ou autrement traité selon que le directeur vétérinaire général le prescrira de temps à autre.

3. Aucune compagnie de chemin de fer n'acceptera ni ne chargera des animaux à aucun endroit dans les limites de la dite région, sauf pour abattage immédiat, comme le veut l'article 7, à moins que ce chargement ne soit accompagné du certificat d'un inspecteur comme susdit.

4. Quel que soit l'endroit où seront déchargés des animaux originaires de la dite région, ils seront mis dans des enclos spéciaux, et ces enclos ne serviront à rien autre chose, et seront nettoyés et désinfectés comme le prescrira un inspecteur.

5. Tous les wagons et autres véhicules employés au transport de ces animaux seront nettoyés et désinfectés à la satisfaction d'un inspecteur aussitôt que possible après avoir été déchargés et avant de servir au transport d'autres animaux.

6. Tous les envois et connaissements qui accompagnent des chargements d'animaux originaires de la dite région, porteront à leur face, lisiblement écrit ou timbré, un avis que les dits wagons doivent être nettoyés et désinfectés aussitôt après avoir été déchargés.

7. Les animaux atteints de la gale ou qui ont été exposés à la contagion de cette maladie, pourront être expédiés pour être immédiatement abattus à des endroits dans la région ci-dessus décrite, aux conditions suivantes :—

1° Ils seront chargés d'enclos spéciaux et de chutes réservés exclusivement à ces envois ; ils ne devront

pas venir en contact avec d'autres animaux ; ils seront consignés directement qu'aux abattoirs dans la région décrite qui seront munis d'enclos et de chutes privées ; ils ne seront déchargés nulle part en route, et ne seront, sous aucun prétexte sortis vivants de l'abattoir ou de l'enclos et lieux reliés à ces abattoirs.

2° Les wagons transportant ses animaux seront nettoyés et désinfectés à la satisfaction d'un inspecteur, immédiatement après avoir été déchargés.

8. Le passage des animaux à travers la dite région, est permis par le présent, sujet aux règlements suivants :—

1° Les animaux traversant par rail la dite région d'une partie du Canada à une autre, seront, aux endroits où il est nécessaire de les débarquer, placés dans des enclos réservés à leur usage exclusif, et il ne sera pas permis de les laisser venir en contact avec des animaux qui sont originaires de la dite région.

2° Les animaux importés des Etats-Unis dans la dite région et destinés à des points en Canada en dehors de la dite région, en se conformant aux règlements quaranténaires, et aux dispositions de l'article immédiatement suivant, pourront, sans délai inutile traverser la dite région directement à leur destination sans autres restrictions.

Toutes les personnes engagées dans l'élevage, le trafic, le commerce ou l'expédition des animaux, et toutes les compagnies de transport, sont priées de coopérer avec ce ministère pour mettre le présent arrêté à exécution.

Sous-ministre de l'Agriculture.
